

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION

Agenda Item # 10.2

Meeting Date : January 8, 2015

Subject : Approve Revision of Board Policy No. 6142.7 on Physical Education

- Action
 Public Hearing

Learning Support Unit/Department : Academic Office/ Physical Education Department

Recommendation : Approve proposed Board policy.

Background/Rationale : The current Board Policy No. 6142.7 Physical Education Instruction was last updated on May 20, 2004, one year before state standards were adopted. The California State Board of Education on January 12, 2005, adopted the Physical Education Model Content Standards for California Public Schools, Kindergarten through grade Twelve. In addition, the Physical Education Framework for California Public Schools: Kindergarten through Grade Twelve was adopted by the State Board of Education on September 11, 2008.

Sacramento City Unified School District (SCUSD) Board of Education adopted a revised Board that aligns with the state laws, requirements and standards.

Financial Considerations : Costs associated with implementation of the policy include funding for revisions to courses of study, acquisition of special teaching authorizations, and professional learning. Total annual costs are estimated to be \$65,000.

Physical Education Instruction

January 8, 2015

I. Overview

Sacramento City Unified School District (SCUSD) recognizes that physical education significantly contributes to students' well-being and to SCUSD's Strategic Plan; therefore, it is an integral part of our student's education experiences. High quality physical education instruction contributes to good health, develops fundamental and advanced motor skills, improves students' confidence and provides opportunities for increased levels of physical fitness that are associated with high academic achievement.

The current Board Policy 6142.7 Physical Education Instruction was last updated on May 20, 2004, a year before state standards were adopted. The California State Board of Education on January 12, 2005, adopted the Physical Education Model Content Standards for California Public Schools, Kindergarten Through Grade Twelve. These standards focus on the content of physical education and incorporate the detail required to guide the development of consistent, high quality physical education instructional programs aimed at students learning and achievement. The standards provide a comprehensive vision of what students need to know and be able to do at each grade level. In addition, the standards provide a model for high school course design. T

Education Policy will provide the guidelines necessary to create the learning environments that support quality physical education instruction and learning.

III. Budget

The cost implications of the policy change relate to providing an array of options for students to meet the physical education course requirements for graduation. This encompasses costs associated with bringing the JROTC and marching band courses into compliance with the requirements outlined in CA Education Code including teacher certification, revisions to course of study content, and fitness tests (u)2.2(ire)

to the Physical Education standards and framework and the use of a standards aligned curriculum. The revisions also describe the overall course of study for Physical Education in grades 9

Students with Disabilities

The revised policy addresses adaptations to the program to meet the needs of students with disabilities. Students with disabilities will be provided with physical education that is in alignment with their Individualized Education Plan (IEPs) and 504 plans.

Physical Education Minutes

The state of CA Education Code (EC) mandates ten minutes every ten days for physical education instruction (EC Section 51210(g), 51223, 51222). The revised policy outlines the required minutes at each grade level, K-12, to provide guidance to school sites in scheduling their physical education programs.
