Dear Mr. Fisher:

Chinua Rhodes
Trustee Area 5

This letter follows the negotiations sessions at the end of last year between the District and the Sacramento City Teachers Association (SCTA) where the negotiation teams discussed the negotiable effects of returning our students to our school sites for purposes of [one-on-one in-person special education assessments for students](#) small group support for students and my letter to you of January 15, 2021, requesting to resume these negotiations promptly. We offered January 22, 25 or 28, 2021 as possible dates for these negotiations and indicated that the District wanted to schedule a separate time for these negotiations so that our previously scheduled negotiations date of January 27, 2021, could focus on successor contract negotiations. SCTA responded on January 19, 2021, stating that these negotiations could occur during our session on January 27, 2021.

Discussions on in-person assessments for our special education students is critically important and deserves a separate meeting date so we can focus on providing these critical assessments of our students to ensure that they are provided with all necessary services required under the law and their individualized education plans (IEPs). In regard, the District has now been notified of the special education compliance complaints filed by attorneys of

The District's negotiations team remains available to meet with SCTA's negotiation team on January 28 or 29, 2021 at after 3:00 p.m. Please let me know by end of day Tuesday, January 26, 2021, if these dates will work for the SCTA bargaining team. This can also be used to meet per your request on the negotiable effects of the District's learning hubs.

Our students have been learning away from our school sites since March 16, 2020. It is critically important that we continue our work to bring them back to in-person learning as soon as we are able to after our state and local health officials determine it is safe.

Sincerely,
