

Kindergarten Continuance Agreement Guidelines

The Kindergarten Continuance Parental Agreement form is pre-approved by the California Department of Education for use by school districts in compliance with the requirements of Education Code Section 46300(g).

Signed forms for all retained children must be kept on file for three years as part of the school district's "audit trail" for state apportionments (California Code of Regulations, Title 5, Sections 16025 & 16026).

Note that the California Department of Education recommends against obtaining consent to retain until near the anniversary date of the pupil's kindergarten admittance and that permission obtained unreasonably

(b) The governing board of the school district of a school district maintaining one or more kindergartens may, on a case-by-case basis, admit to a kindergarten a child having attained the age of five years at any time during the school year with the approval of the parent or guardian, subject to the following conditions:

(1) The governing board of the school district determines that the admittance is in the best interests of the child.

(2) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

(c) As a condition of receipt of apportionment for pupils in a transitional kindergarten program pursuant to Section 46300, and Chapter 3 (commencing with Section 47610) of Part 26.8, as applicable, a school district or charter school shall ensure the following:

(1) In the 2012–13 school year, a child who will have his or her fifth birthday between November 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(2) In the 2013–14 school year, a child who will have his or her fifth birthday between October 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(3) (A) In the 2014–15 school year and each school year thereafter, a child who will have his or her fifth birthday between September 2 and December 2 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

(B) (i) For the 2015–16 school year and each school year thereafter, a school district or charter school may, at any time during a school year, admit a child to a transitional kindergarten program who will have his or her fifth birthday after December 2 but during that same school year, with the approval of the parent or guardian, subject to the following conditions:

(I) The governing board of the school district or the governing body of the charter school determines that the admittance is in the best interests of the child.

(II) The parent or guardian is given information regarding the advantages and disadvantages and any other explanatory information about the effect of this early admittance.

(ii) Notwithstanding any other law, a pupil admitted to a transitional kindergarten program pursuant to clause (i) shall not generate average daily attendance for purposes of Section 46300, or be included in the enrollment or unduplicated pupil count pursuant to Section 42238.02, until the pupil has attained his or her fifth birthday, regardless of when the pupil was admitted during the school year.

(d) For purposes of this section, “transitional kindergarten” means the first year of a two-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate.

(e) A transitional kindergarten shall not be construed as a new program or higher level of service.

Section 48011: A child who, consistent with Section 48000, has been admitted to the kindergarten maintained by a private or a public school in California or any other state, and who has completed one school year therein, shall be admitted to the first grade of an elementary school unless the parent or guardian of the child and the school district agree that the child may continue in kindergarten for not more than an additional school year.

A child who has been lawfully admitted to a public school kindergarten or a private school kindergarten in California and who is judged by the administration of the school district, in accordance with rules and regulations adopted by the State Board of Education, to be ready for first-grade work may be admitted to the first grade at the discretion of the school administration of the district and with the consent of the child’s parent or guardian if the child is at least five years of age. When a child has been legally enrolled in a public school of another district within or out of the state, he or she may be admitted to school and placed in the grade of enrollment in the district of former attendance, at the discretion of the school administration of the district entered.

[Note: A year of attendance in kindergarten does not in itself qualify a child for admission to the first grade, unless the child was properly eligible under Section 48000’s age requirements at the time he or she began the year of kindergarten. Also refer to California Code of Regulations, Title 5, Section 200.]
